

## TRICARE Uniform Formulary

### Categories of Prescription Drugs with Quantity Limits

Quantity limits are applied by the DoD to address the issue of overuse of medications that can be unsafe for the patient and costly to the government. Exceptions to established quantity limits can be made if the prescribing provider is able to justify medical necessity.

This list is not all-inclusive and is subject to change. Visit the TRICARE Pharmacy website (<http://www.tricare.osd.mil>) for the most current listing of prescription drugs that are subject to quantity limits, mail order quantity limits and retail pharmacy quantity limits. Maxor Plus Pharmacy is also able to assist with TRICARE Uniform Formulary questions. Contact Maxor Plus Pharmacy at 800-867-0707 (phone) or 866-208-9930 (fax).
