

TRICARE Uniform Formulary

Tier 3, Non-formulary Brand Name Medications

This list is not all-inclusive and is subject to change. Visit the TRICARE Pharmacy website (<http://www.tricare.osd.mil>) for the most current listing of Tier 3 medications, formulary (generic and brand) alternatives, and medical necessity criteria. Maxor Plus Pharmacy is also able to assist with TRICARE Uniform Formulary questions. Contact Maxor Plus Pharmacy at 800-867-0707 (phone) or 866-208-9930 (fax).

TRICARE requires a \$22 co-pay for medications on the 3rd tier that do not meet medical necessity criteria. Tier 3 medications that do meet medical necessity will continue with the usual co-pay. Medical necessity criteria include but are not limited to: allergic reaction, therapeutic failure (did not obtain desired effect) of all similar medications in Tier 1 (generic) or Tier 2 (brand name, formulary), or no formulary alternative. The 3rd tier was established by the DoD to encourage beneficiaries to use the most clinically appropriate, safe, and cost-effective medications.

The following drugs are currently on the DoD 3rd tier:

- Aceon
- Aciphex
- Aerobid
- Alvesco
- Ambien CR
